I am writing this as a letter of support for renewing the EAS contract with Sky West. As a smaller rural community the availability and access to reliable quality jet service has been vital to our communities in Stutsman County.

Sky West has been a wonderful partner and their service is being used heavily. Boardings seem to continuously go up and in today's mobile society this service is vital to sustaining and growing our communities.

On a personal note I have been able to now fly out of Jamestown for private and business flights, which was impossible in the past with unreliable service through previous airlines.

Please renew the EAS contract with Sky West for the next three year period.

Sincerely,

Ramone Gumke
Stutsman County Commissioner
