# About Boutique Air

## Our Story

Headquartered in San Francisco, California, Boutique Air has been in operation since 2007. We began by flying fire surveillance missions for the U.S. Forestry Service and Bureau of Land Management. We evolved to provide air charter services across the west coast with our fleet of Pilatus and Cessna aircraft. As a charter operator we have received certifications from both industry-leading safety organizations, ARG/US and Wyvern. Boutique Air employs pilots that are highly experienced and hold the most advanced FAA ratings - a key reason for our continued perfect safety record.

In July of 2012, Boutique Air applied for commuter operating authority from the Department of Transportation. We quickly passed tests on financial fitness and management competency, receiving authority for scheduled service in January of 2014. We began flying scheduled service between Los Angeles and Las Vegas in January of 2014.

We have worked to develop effective distribution channels. We have connections in place with all of the major Global Distribution Systems (GDSs), which travel agents use to access the market. You will find us on Worldspan and Galileo (Travelport), Sabre, and Amadeus. In addition, we are on the major Online Travel Agencies (OTAs), including Expedia, Travelocity, Priceline, Orbitz, CheapTickets, and CheapOAir.

## EAS Contracts

On April 22, 2014 Boutique Air received its first EAS contract when the DOT selected the airline to provide service between Clovis, New Mexico and Dallas/Ft. Worth, Texas. Since then, we have continued our track record of success and now serve 16 different EAS communities and operate out of 30 different airports. Continuing on this path of successful growth, Boutique Air's most recent community began service to Victoria, Texas in November 2018.

# Route Map

## Aircraft:

Boutique Air currently operates a modern fleet of Pilatus PC-12, Piaggio Avanti, and Beechcraft King Air 350 aircraft. All flights are flown by Captains with over 1,200 hours of flight experience and an instrument rating. While we are certified to fly single pilot we opt to fly with a two pilot crew. Boutique Air ensures pilots provide a level of customer service beyond that of normal commercial airlines.

- 8 or 9 Passenger Executive Configuration
- Pressurized Cabin
- Power Outlets
- Enclosed Lavatory

## Historical Passenger Traffic Performance

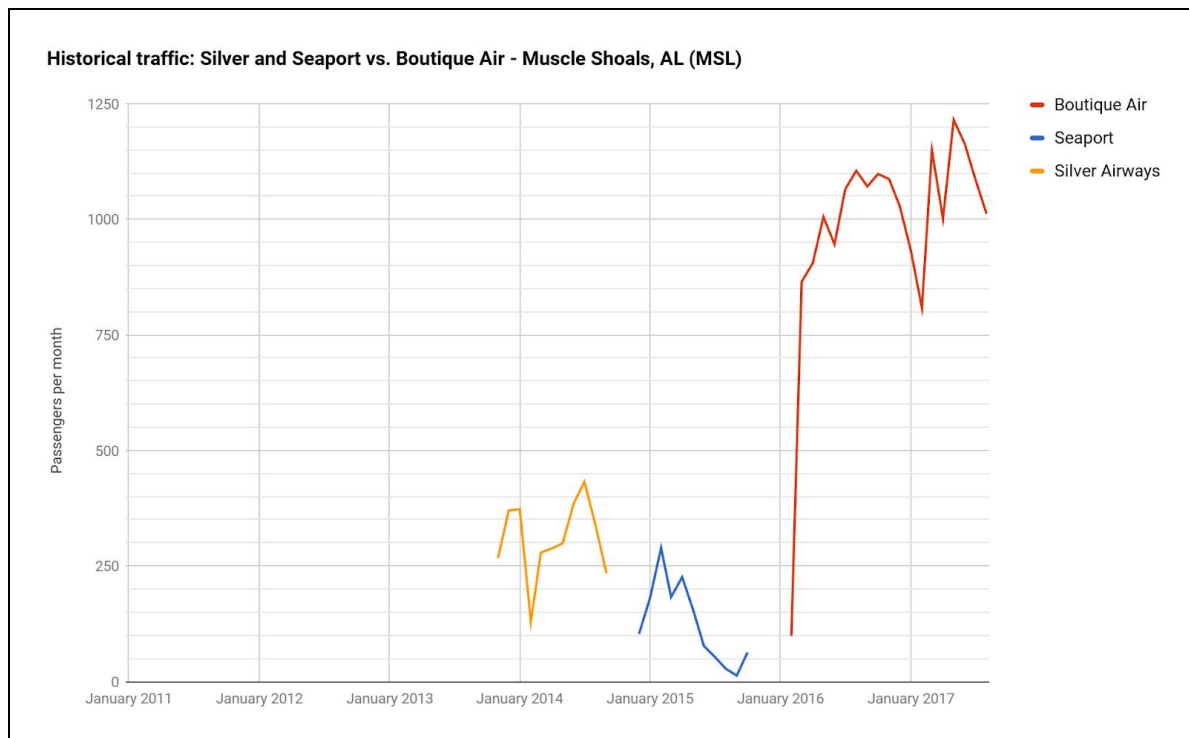

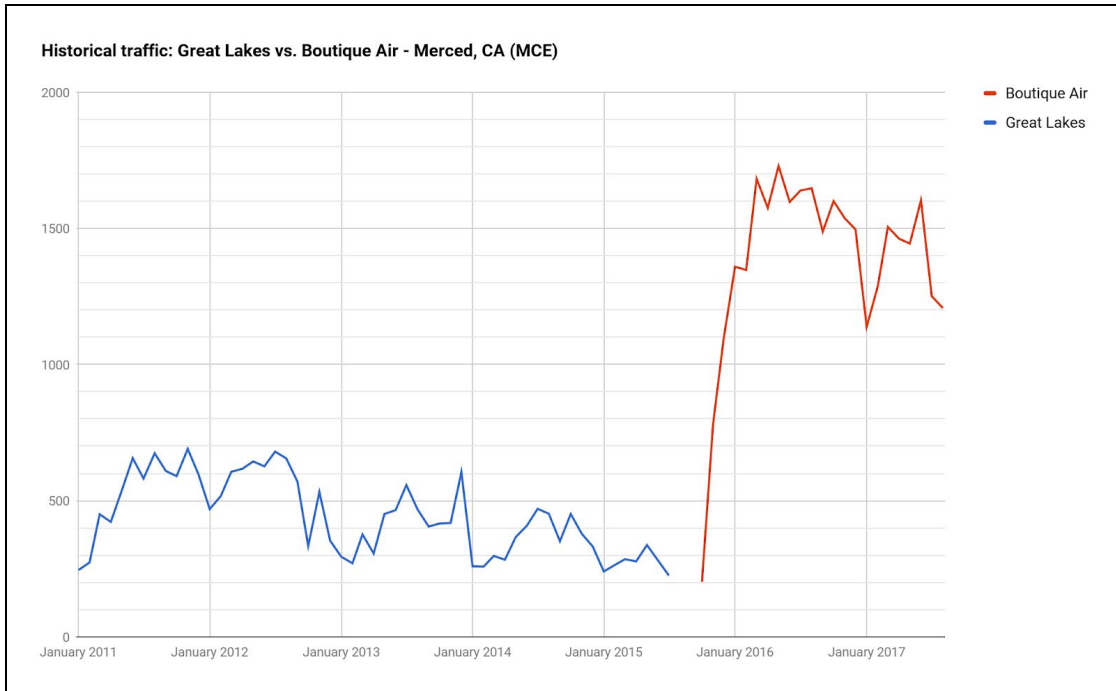

Boutique Air has established a proven track record in resuscitating air service in EAS communities which have been devastated by poor execution from prior carriers as illustrated by the passenger traffic graphs below.

# Proposal

## Overview

Our proposals would be flown in eight or nine-seat, modern, pressurized aPilatus PC-12 aircraft. This term we are proposing is for 2 years or 4 years.

In order to increase brand recognition in the community, Boutique Air will spend at least \$20,000 per year if it is selected for advertising & marketing to help ensure that air service for the community is a success. We will utilize a combination of radio, print, billboard, TV, and internet advertising.

## Note on Interline Agreements

Boutique Air launched its interline and codeshare agreement with United Airlines on May 1, 2017. Customers now have flow-through ticketing and baggage capabilities for those flights that connect with United Airlines. In addition Boutique Air has an interline agreement with American Airlines as of August 7, 2019. Passengers will be able to book through United.com and AA.com and connect with any of United or American flights. Below are screenshots of our current service as reflected on United and American Airlines websites both domestic and international.

## Community Input

Shortly after the bids are complete, Boutique Air will schedule meetings with airport and/or city officials. This will allow us to answer any questions and provide additional information.

While we can not promise we will be able to implement everyone's suggestions, we welcome feedback from the community, as well as anyone who may have an interest in the proposed flights. What we can promise is that we will listen to your feedback, and give it the attention and consideration it deserves.

With respect and appreciation,

Shawn Simpson  
CEO
