Action date: April 7, 2020

Effective dates of exemption authority granted: April 7, 2020 – April 7, 2022

Basis for approval (bilateral agreement/reciprocity): United States-Canada Air Transport Agreement

Except to the extent exempted/waived, this authority is subject to the terms, conditions, and limitations of our standard foreign air carrier exemption conditions (attached),

We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Foreign Air Carrier Exemption Conditions

- (1) Not conduct any operations unless it holds a currently effective authorization from its homeland for such operations, and it has filed a copy of such authorization with the Department;
- (2) Comply with all applicable requirements of the Federal Aviation Administration, the Transportation Security Administration, and with all applicable U.S. Government requirements concerning security, including, but not limited to, 14 CFR Parts 129, 91, and 36 and 49 CFR Part 1546 or 1550, as applicable. To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) from a foreign airport that would be the holder's last point of departure for the United States, contact its International Industry Representative (IIR) (formerly referred to as International Principal Security Inspector) to advise the IIR of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served;
- (3) Comply with the requirements for minimum insurance coverage contained in 14 CFR Part 205, and, prior to the commencement of any operations under this authority, file evidence of such coverage, in the form of a completed OST Form 6411, with the Federal Aviation Administration's Program Management Branch (AFS-260), Flight Standards Service (any changes to, or termination of, insurance also shall be filed with that office);

- (7) Agree that operations under this authority constitute a waiver of sovereign immunity, for the purposes of 28 U.S.C. 1605(a), but only with respect to those actions or proceedings instituted against it in any court or other tribunal in the United States that are: (a) based on its operations in international air transportation that, according to the contract of carriage, include a point in the United States as a point of origin, point of destination, or agreed stopping place, or for which the contract of carriage was purchased in the United States; or (b) based on a claim under any international agreement or treaty cognizable in any court or other tribunal of the United States. In this condition, the term "international air transportation" means "international transportation" as defined by the Warsaw Convention, except that all States shall be considered to be High Contracting Parties for the purpose of this definition;

- (9) Comply with the requirements of 14 CFR Part 217, concerning the reporting of scheduled, nonscheduled, and charter data;

- (12) Be subject to all applicable provisions of any treaty, convention or agreement affecting international air transportation now in effect, or that may become effective during the period this exemption remains in effect, to which the United States and the holder's homeland are or shall become parties.

This authority shall not be effective during any period when the holder is not in compliance with the conditions imposed above. Moreover, this authority cannot be sold or otherwise transferred without explicit Department approval under Title 49 of the U.S. Code.
