Good afternoon Michael,

The International Falls-Koochiching County Airport Commission met yesterday and discussed the two EAS proposals from SkyWest and Boutique Airlines.

After discussion on aircraft sizes, number of flights and passenger capacity, and jet service availability, the Commission agreed they would like to continue the wonderful working relationship with SkyWest Airlines and be able to provide our customers with jet service to and from MSP, with capabilities of offering more passenger capacity to fly to/from INL with larger aircrafts. This is in addition to our newly constructed Terminal that was completed in 2019 with a jet bridge to service CRJ and 737 aircrafts for passenger safety and comfort, as well as the amount of investment SkyWest put into our terminal for equipment and passengers.

If you need anything further, please let me know.

Thank you,

Kyra Hasbargen

Administrative Secretary

International Falls-Koochiching County Airport Commission
