

**UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, D.C.**

Issued by the Department of Transportation
on the 11th day of March, 2020

Applications of

**WESTERN AIR CHARTER, INC.
d/b/a JET EDGE**

for certificates of public convenience and necessity under
49 U.S.C. § 41102 to engage in interstate and foreign
charter air transportation of persons, property, and mail

**Dockets DOT-OST-2019-0126
and
DOT-OST-2019-0127**

**FINAL ORDER
ISSUING INTERSTATE CERTIFICATE**

By Order 2020-2-16, issued February 25, 2020, the U.S. Department of Transportation (the "Department") directed all interested persons to show cause why we should not make final our tentative findings and conclusions stated in it and award certificates of public convenience and necessity to Western Air Charter, Inc. d/b/a Jet Edge ("Western") to engage in interstate and foreign charter air transportation of persons, property, and mail.

Interested persons were given 14 days to file objections to the order. No objections to the Show Cause Order were received. Thus, by this Order, we find Western fit, willing, and able to engage in interstate charter air transportation of persons, property, and mail, and issue to it a certificate authorizing Western to engage in such operations.¹

ACCORDINGLY,

1. We find that Western Air Charter, Inc. d/b/a Jet Edge is fit, willing, and able to engage in interstate charter air transportation of persons, property, and mail.
2. We issue a certificate of public convenience and necessity to Western Air Charter, Inc. d/b/a Jet Edge to engage in interstate charter air transportation in the form and subject to the Terms, Conditions, and Limitations attached.

¹ By this Order, we issue only an interstate certificate to Western. Issuance of a foreign certificate is subject to Presidential review under 49 U.S.C. § 41307 and will be handled in a separate order.

3. We direct that should Western Air Charter, Inc. d/b/a Jet Edge propose to conduct operations with more than two large aircraft,¹ it must first notify the Department in writing at least 45 days prior to the proposed change in operations and demonstrate its fitness to conduct such operations before their commencement.

4. We direct Western Air Charter, Inc. d/b/a Jet Edge to submit to the Air Carrier Fitness Division a first-year progress report within 45 days following the end of its first year of certificated operations.²

5. We will serve a copy of this Order on the persons listed in Attachment A.

By:

David E. Short
Deputy Assistant Secretary
Aviation and International Affairs

An electronic version of this document is available at
<http://www.regulations.gov>

¹ A “large” aircraft is any aircraft originally designed to have a maximum passenger capacity of more than 60 seats or a payload of more than 18,000 pounds.

² The report shall include a description of the air carrier’s current operations (number and type of aircraft, principal markets served, total number of full-time and part-time employees), a summary of how these operations have changed during the year, a discussion of any changes it anticipates from its current operations during its second year, current financial statements, and a listing of current senior management and key technical personnel.

***Certificate of Public Convenience and Necessity
for
Interstate Charter Air Transportation***

This Certifies That

**Western Air Charter, Inc.
d/b/a Jet Edge**

is authorized, subject to the provisions of Subtitle VII of Title 49 of the United States Code, the orders, rules, and regulations issued thereunder, and the attached Terms, Conditions, and Limitations, to engage in interstate charter air transportation of persons, property, and mail.

This Certificate is not transferable without the approval of the Department of Transportation.

By Direction of the Secretary

***Issued by Order 2020-3-4
On March 11, 2020
Effective on (See Attached)***

***David E. Short
Deputy Assistant Secretary
Aviation and International Affairs***

Terms, Conditions, and Limitations

WESTERN AIR CHARTER, INC.

is authorized to engage in interstate charter air transportation of persons, property and mail between any point in any State, territory, or possession of the United States or the District of Columbia, and any other point in any of those entities.

This authority is subject to the following provisions:

(1) The authority to operate under this certificate will not become effective until six (business) days after the Department has received the following documents; provided, however, that the Department may stay the effectiveness of this authority at any time prior to that date:

(a) A copy of the holder's Air Carrier Certificate and Operations Specifications authorizing such operations from the Federal Aviation Administration (FAA).

(b) A certificate of insurance on OST Form 6410 evidencing liability insurance coverage meeting the requirements of 14 CFR § 205.5(b) for all of its aircraft.

(c) A statement of any changes the holder has undergone in its ownership, key personnel, operating plans, financial posture, or compliance history, since the date of the Show Cause Order in this case.

(d) A revised list of pre-operating expenses already paid and those remaining to be paid, as well as independent verification that the holder has available to it funds sufficient to cover any remaining pre-operating expenses and to provide a working capital reserve equal to the operating costs that would be incurred in three months of operations.

(2) Pending receipt of effective authority, the holder may not accept payment of any kind (i.e., cash, check, or credit card), issue tickets for the operations proposed under this certificate, or enter into contracts with charter operators, and any advertisement by the holder must prominently state: "This service is subject to receipt of government operating authority."

(3) The holder shall at all times conduct its operations in accordance with the regulations prescribed by the Department of Transportation for the services authorized by this certificate, and with such other reasonable terms, conditions, and limitations as the Department of Transportation may prescribe in the public interest.

(4) The holder's authority under this certificate is effective only to the extent that such operations are also authorized by the Federal Aviation Administration (FAA), and comply with all

*U.S. Government requirements concerning security, including, but not limited to 49 CFR Part 1544. **

(5) The holder shall at all times remain a "Citizen of the United States" as required by 49 U.S.C. § 40102(a)(15).

(6) The holder shall maintain in effect liability insurance coverage as required under 14 CFR Part 205. Failure to maintain such insurance coverage will render a certificate ineffective, and this or other failure to comply with the provisions of Subtitle VII of Title 49 of the United States Code or the Department's regulations shall be sufficient grounds to revoke this certificate.

(7) The holder is not authorized to engage in air transportation operations between points within the State of Alaska.

(8) Should the holder propose any substantial change in its ownership, management, or operations (as defined in 14 CFR § 204.2(l)), it must first comply with the requirements of 14 CFR § 204.5.

(9) In the event that the holder does not commence actual flying operations under this certificate within one year of the date of the Department's determination of its fitness, its authority shall be revoked for dormancy, unless the holder is conducting operations under another type of certificate authority. Further, in the event that the holder commences operations for which it was found "fit, willing, and able" and subsequently ceases all such operations, its authority under all certificates held shall be suspended under the terms of 14 CFR § 204.7 and the holder may neither recommence nor advertise such operations unless its fitness to do so has been redetermined by the Department. Moreover, if the holder does not resume operations within one year of its cessation, its authority shall be revoked for dormancy.

** To assure compliance with all applicable U.S. Government requirements concerning security, the holder shall, before commencing any new service (including charter flights) to or from a foreign airport, contact its Principal Security Inspector (PSI) to advise the PSI of its plans and to find out whether the Transportation Security Administration has determined that security is adequate to allow such airport(s) to be served.*
