Docket No. FAA-2001-8762

SUBJECT: Letter of Intent for Exemption No. 11498D

Sir/Madam:

Republic Airways Inc. ("Republic") hereby intends to exercise the relief in FAA Exemption No. 11498 D, which permits us to temporarily operate certain U.S. registered aircraft in domestic airline operations without the airworthiness certificate, the certificate of aircraft registration, or without either certificate onboard the aircraft. The amendment you request would allow for electronic documents to be accepted in lieu of paper certificates and would amend Condition and Limitation No. 3a. from a period of 3 working days to a period of 10 working days.

Republic will uphold and act consistently with the conditions and limitations listed in Docket No. FAA-2001-8762.

Regards,

Michael Dee  
Managing Director, Flight Operations (Part 119)  
Republic Airways Inc.

cc: Mr. Kevin Thomas, Principal Operations Inspector (IND CMO)
