### Federal Aviation Administration

#### 14 CFR Part 97

[Docket No. 31325 Amdt. No. 3917]

#### Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This rule establishes, amends, suspends, or removes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures (ODPs) for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

**DATES:** This rule is effective August 20, 2020. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director of the Federal Register as of August 20, 2020.

**ADDRESSES:** Availability of matters incorporated by reference in the amendment is as follows:

#### For Examination

1. U.S. Department of Transportation, Docket Ops-M30, 1200 New Jersey Avenue SE, West Bldg., Ground Floor, Washington, DC, 20590-0001.

2. The FAA Air Traffic Organization Service Area in which the affected airport is located;

3. The office of Aeronautical Navigation Products, 6500 South MacArthur Blvd., Oklahoma City, OK 73169 or,

4. The National Archives and Records Administration (NARA). For information on the availability of this material at NARA, email [fedreg.legal@nara.gov](mailto:fedreg.legal@nara.gov) or go to: <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

#### Availability

All SIAPs and Takeoff Minimums and ODPs are available online free of charge. Visit the National Flight Data Center at [nfdc.faa.gov](http://nfdc.faa.gov) to register. Additionally, individual SIAP and Takeoff Minimums and ODP copies may be obtained from the FAA Air Traffic Organization Service Area in which the affected airport is located.

Aviation Administration. Mailing Address: FAA Mike Monroney Aeronautical Center, Flight Procedures and Airspace Group, 6500 South MacArthur Blvd., Registry Bldg 29, Room 104, Oklahoma City, OK 73169. Telephone: (405) 954-4164.

**SUPPLEMENTARY INFORMATION:** This rule amends Title 14 of the Code of Federal Regulations, Part 97 (14 CFR part 97), by establishing, amending, suspending, or removes SIAPs, Takeoff Minimums and/or ODPs. The complete regulatory description of each SIAP and its associated Takeoff Minimums or ODP for an identified airport is listed on FAA form documents which are incorporated by reference in this amendment under 5 U.S.C. 552(a), 1 CFR part 51, and 14 CFR part 97.20. The applicable FAA forms are FAA Forms 8260-3, 8260-4, 8260-5, 8260-15A, and 8260-15B when required by an entry on 8260-15A.

The large number of SIAPs, Takeoff Minimums and ODPs, their complex nature, and the need for a special format make publication in the **Federal Register** expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, Takeoff Minimums or ODPs, but instead refer to their graphic depiction on charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP, Takeoff Minimums and ODP listed on FAA form documents is unnecessary. This amendment provides the affected CFR sections and specifies the types of SIAPs, Takeoff Minimums and ODPs with their applicable effective dates. This amendment also identifies the

airport and its location, the procedure, and the amendment number.

### Availability and Summary of Material Incorporated by Reference

The material incorporated by reference is publicly available as listed in the **ADDRESSES** section.

The material incorporated by reference describes SIAPS, Takeoff Minimums and/or ODPs as identified in the amendatory language for part 97 of this final rule.

### The Rule

This amendment to 14 CFR part 97 is effective upon publication of each separate SIAP, Takeoff Minimums and ODP as Amended in the transmittal. Some SIAP and Takeoff Minimums and textual ODP amendments may have been issued previously by the FAA in a Flight Data Center (FDC) Notice to Airmen (NOTAM) as an emergency action of immediate flight safety relating directly to published aeronautical charts.

The circumstances that created the need for some SIAP and Takeoff Minimums and ODP amendments may require making them effective in less than 30 days. For the remaining SIAPs and Takeoff Minimums and ODPs, an effective date at least 30 days after publication is provided.

Further, the SIAPs and Takeoff Minimums and ODPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Procedures (TERPS). In developing these SIAPs and Takeoff Minimums and ODPs, the TERPS criteria were applied to the conditions existing or anticipated at the affected airports. Because of the close and immediate relationship between these SIAPs, Takeoff Minimums and ODPs, and safety in air commerce, I find that notice and public procedure under 5 U.S.C. 553(b) are impracticable and contrary to the public interest and, where applicable, under 5 U.S.C 553(d), good cause exists for making some SIAPs effective in less than 30 days.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore—(1) is not a “significant regulatory action” under Executive Order 12866;(2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26,1979); and (3)does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal.

For the same reason, the FAA certifies that this amendment will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

[Docket No. 200810-0211]

RIN 0694-A119

#### Clarification of Entity List Requirements for Listed Entities When Acting as a Party to the Transaction Under the Export Administration Regulations (EAR)

**AGENCY:** Bureau of Industry and  
Security, Commerce.

**ACTION:** Final rule.

**SUMMARY:** In this final rule, the Bureau  
of Industry and Security (BIS) is  
clarifying the supplemental license  
requirements for parties listed on the  
Entity List pursuant to the Export  
Control Reform Act of 2018 (ECRA).  
Specifically, this final rule clarifies the  
Entity List's supplemental licensing  
requirements to state that these end-user

controls apply to any listed entity when  
that entity is acting as a purchaser,  
intermediate or ultimate consignee, or  
end-user as defined in the Export  
Administration Regulations (EAR).

**DATES:** This rule is effective August 17,  
2020.

**FOR FURTHER INFORMATION CONTACT:**  
Chair, End-User Review Committee,  
Office of the Assistant Secretary for  
Export Administration, Bureau of  
Industry and Security, Department of  
Commerce, Phone: (202) 482-5991, Fax:  
(202) 482-3911, Email: *ERC@*

#### SUPPLEMENTARY INFORMATION:

##### Background

The Entity List (Supplement No. 4 to  
part 744 of the Export Administration  
Regulations (EAR)) identifies entities for  
which there is reasonable cause to  
believe, based on specific and  
articulable facts, that the entities have  
been involved, are involved, or pose a  
significant risk of being or becoming  
involved in activities contrary to the  
national security or foreign policy  
interests of the United States. The EAR  
(15 CFR parts 730-774) impose  
additional license requirements on, and  
limit the availability of most license  
exceptions for, exports, reexports, and  
transfers (in-country) to listed entities.  
The license review policy for each listed  
entity is identified in the "License  
review policy" column on the Entity  
List and the impact on the availability  
of license exceptions is described in the  
relevant **Federal Register** notice adding  
entities to the Entity List. BIS places  
entities on the Entity List pursuant to  
part 744 (Control Policy: End-User and  
End-Use Based) and part 746  
(Embargoes and Other Special Controls)  
of the EAR.

The End-User Review Committee  
(ERC), composed of representatives of  
the Departments of Commerce (Chair),  
State, Defense, Energy and, where  
appropriate, the Treasury, makes all  
decisions regarding additions to,  
removals from, or other modifications to  
the Entity List. The ERC makes all  
decisions to add an entry to the Entity  
List by majority vote and all decisions  
to remove or modify an entry by  
unanimous vote. The ERC approved the  
clarifications of the Entity List  
requirements in this rule, which will  
apply to all current entities on the  
Entity List and subsequent additions  
and modifications to the Entity List.

##### Clarification of Entity List Requirements

As referenced above, § 744.11(a) of the  
EAR sets forth supplemental license

requirements applicable to exports,  
reexports, and transfers (in-country) to  
entities listed on the Entity List, which  
have been involved, are involved, or  
pose a significant risk of being or  
becoming involved, in activities  
contrary to the national security or  
foreign policy interests of the United  
States. In contrast to other provisions of  
the EAR (*i.e.*, §§ 740.2(a)(17), 744.15(b),  
and 758.1(b)(8)) that set forth  
restrictions applicable to exports,  
reexports, and transfers (in-country) to  
which a person listed on the Unverified  
List (*See:* Supplement No. 6 to part 744  
of the EAR) is a *party to the transaction*,  
§ 744.11(a) imposes supplemental  
license requirements on exports,  
reexports, and transfers (in-country) to  
*entities listed on the Entity List*. Prior to  
publication of this final rule, § 744.11  
did not explicitly address circumstances  
in which a listed entity may be playing  
a role other than consignee or end-user  
in the transaction, *e.g.*, a purchaser or  
intermediate consignee.

However, since the first set of  
additions pursuant to § 744.11 on  
September 22, 2008 (73 FR 54503),  
Entity List rules published through 2019  
typically included a sentence in the  
Background section of the rules that  
described the Entity List license  
requirements and limitations on the use  
of license exceptions. The purpose of  
this sentence was to alert exporters,  
reexporters, and transferors that BIS  
intended these requirements to apply to  
those listed entities when acting as any  
party to the transaction. The sentence  
specified that,

The license requirements apply to any  
transaction in which items are to be  
exported, reexported, or transferred (in-  
country) to any of the persons or in which  
such persons act as purchaser, intermediate  
consignee, ultimate consignee, or end-user.

Since 2019, BIS has evaluated how to  
revise the EAR to better clarify that  
Entity List license requirements, as  
specified on the Entity List, are  
intended to apply to listed entities  
regardless of their role as a party to a  
transaction.

This final rule amends the regulatory  
text to clarify that Entity List license  
requirements apply to entities on the  
Entity List, not only when they are party  
to a transaction as either an ultimate  
consignee or end-user, but also when  
they are party as a purchaser or  
intermediate consignee.

Consistent with the authority granted  
under § 4812(c) of ECRA, BIS is  
amending §§ 744.11 and 744.16 of the  
EAR and the introductory text of the  
Entity List in Supplement No. 4 to part  
744 to specify that the Entity List
