Abstract of Proposed Collection

The collection of the information requested on the DS-1838 and DS-7783 is necessary to comply with:

Homeland Security Presidential Directive 12 (HSPD-12) was issued August 27, 2004 to set policy for a common, reliable, and secure identification standard for federal employees and contractors for accessing federally controlled facilities and federal information systems. In order to keep Federal and other facilities where there is potential for terrorist attacks secure, wide variations in the quality and security of forms of identification need to be eliminated.

Federal Information Processing Standard Publication 201 (FIPS 201) is a United States federal government standard that specifies Personal Identity Verification (PIV) requirements for Federal employees and contractors. The NIST (National Institute of Standards and Technology) Computer Security Division initiated a new program for improving the identification and authentication of Federal employees and contractors for access to Federal facilities and information systems.

All Department employees and contractors are required to submit application for a Personal Identification Card (DS-1838 domestically or DS-7783 overseas) at the time of hire.

Methodology

Information is collected by a form (obtained from MyData forms) or automated badge request (ABR) online.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release approximately 12.84-acres of airport property at the Waterloo Regional Airport (ALO) under the provisions of 49 U.S.C. 47107(h)(2). The Director of Aviation has requested from the FAA two parcels totaling 12.84-acres of airport property be released from obligations and sold. The FAA determined the request to release and sell this property at the Waterloo Regional Airport (ALO) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release and sale of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

Waterloo Regional Airport (ALO) is proposing the release and sale of 12.84-acres of airport property. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the release of land and surface rights at the Waterloo Regional Airport (ALO) from the conditions of the AIP Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport

will receive fair market value when the parcel is sold.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may request an appointment and inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Waterloo Regional Airport.

Issued in Kansas City, MO on July 2, 2025.

Rodney N. Joel,

Director, FAA Central Region, Airports Division.
