Federal Aviation Administration

Notice of Request To Release Airport Property; Waterloo Regional Airport (ALO), Waterloo, Iowa

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of intent to rule on request to release airport property for land disposal.

SUMMARY: The FAA proposes to rule and invites public comment on the release and disposal of one parcel of land at the Waterloo Regional Airport (ALO), Waterloo, Iowa.

DATES: Comments must be received on or before October 24, 2025.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE–620G, 901 Locust, Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must be mailed or delivered to: Steven Kjergaard, Director of Aviation, Waterloo Regional Airport, 2790 Livingston Lane, Waterloo, IA 50703, (515) 291–4483.

FOR FURTHER INFORMATION CONTACT: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE–620G, 901 Locust, Room 364, Kansas City, MO 64106, (816) 329–2603, amy.walter@faa.gov.

The request to release property may be reviewed, by appointment, in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release approximately 89.16-acres of airport property at the Waterloo Regional Airport (ALO) under the provisions of 49 U.S.C. 47107(h)(2). The Director of Aviation has requested from the FAA one parcel totaling 89.16-acres of airport property be released from obligations and sold. The FAA determined the request to release and

sell this property at the Waterloo Regional Airport (ALO) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release and sale of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this Notice.

The following is a brief overview of the request:

Waterloo Regional Airport (ALO) is proposing the release and sale of 89.16-acres of airport property. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the release of land and surface rights at the Waterloo Regional Airport (ALO) from the conditions of the AIP Grant Agreement Grant Assurances. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value when the parcel is sold.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may request an appointment and inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Waterloo Regional Airport.

Issued in Kansas City, MO, on September 22, 2025.

Rodney N. Joel,

Director, FAA Central Region, Airports Division.

[Docket No. FAA–2025–2317]

Agency Information Collection Activities: Requests for Comments; Clearance of a New or Renewed Approval of Information Collection: Bird/Other Wildlife Strike Report

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of

Management and Budget (OMB) approval to renew an information collection. The collection involves voluntary reporting of bird/other wildlife strike information following a wildlife strike incident with aircraft. This data becomes part of the publicly available National Wildlife Strike Database. The information to be collected is necessary because it provides critical information that allows the FAA to determine high-risk species, track national trends, evaluate the FAA's wildlife hazard management program, and monitor compliance with Title 14 Code of Federal Regulations, Part 139, Section 139.337—Wildlife Hazard Management. Additionally, this essential information allows engine and airframe manufacturers to evaluate the effectiveness of aircraft components. It also helps airports identify and mitigate hazardous species and the location of wildlife attractants, affords a better understanding of strike dynamics, and provides key metrics for an airport to evaluate the effectiveness of its wildlife management program.

DATES: Written comments should be submitted by November 24, 2025.

ADDRESSES: Please send written comments:

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120–0045.

Title: Bird/Other Wildlife Strike Report.

Form Numbers: 5200–7.

Type of Review: This is a renewal of an information collection.

Background: 14 CFR 139.337, Wildlife Hazard Management, requires the FAA to collect wildlife strike data to develop standards and monitor hazards to aviation. Data identify wildlife strike
