Hello Luke Watters,

Requesting Exemption #18510A

I am requesting to extend my authority to operate under certain exemptions and/or deviations as referenced in paragraph A005 in Red Eagle Aviations Operations Specifications, requesting that I get a 90 days extension for myself, Mr. David J Hoerner to extend his part 135 charter ability. During which time period I will remain current and proficient by performing ground and flight training as required by the FARs, company training manual and GOM with our chief pilot John Kibler.

Thank you,

David J Hoerner
