DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2021-0596; Airspace
Docket No. 20-AGL-15]

RIN 2120-AA66

Amendment of V-6, V-10, V-30, V-100, and V-233 in the Vicinity of Litchfield, MI

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends VHF Omnidirectional Range (VOR) Federal airways V-6, V-10, V-30, V-100, and V-233 in the vicinity of Litchfield, MI. The airway modifications are necessary due to the planned decommissioning of the VOR portion of the Litchfield, MI, VOR/Distance Measuring Equipment (VOR/DME) navigational aid (NAVAID). The Litchfield VOR/DME NAVAID provides navigational guidance for portions of the affected VOR Federal airways listed above and is being decommissioned as part of the FAA's VOR Minimum Operational Network (MON) program.

DATES: Effective date 0901 UTC, May 19, 2022. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order JO 7400.11F, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

History

The FAA published a notice of proposed rulemaking (NPRM) for Docket No. FAA-2021-0596 in the **Federal Register** (86 FR 40969; July 30, 2021), amending VOR Federal airways V-6, V-10, V-30, V-100, and V-233 in the vicinity of Litchfield, MI. The proposed amendment actions were due to the planned decommissioning of the VOR portion of the Litchfield, MI, VOR/DME NAVAID. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal. No comments were received.

Prior to the NPRM, the FAA published a rule for Docket No. FAA-2020-1100 in the **Federal Register** (86 FR 39949; July 26, 2021), amending V-100 by removing the airway segment overlying the Rockford, IL, VOR/DME between the Dubuque, IA, VOR/Tactical Air Navigation (VORTAC) and the Northbrook, IL, VOR/DME. That airway amendment was effective October 7, 2021, and is included in this rule.

VOR Federal airways are published in paragraph 6010(a) of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document will be published subsequently in FAA Order JO 7400.11.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

The FAA is amending 14 CFR part 71 to modify VOR Federal airways V-6, V-10, V-30, V-100, and V-233. The decommissioning of the VOR portion of the Litchfield, MI, VOR/DME NAVAID has made this action necessary.

The VOR Federal airway changes are outlined below.

V-6: V-6 extends between the Oakland, CA, VOR/DME and the DuPage, IL, VOR/DME; between the intersection of the Chicago Heights, IL, VORTAC 358° and Gipper, MI, VORTAC 271° radials (NILES fix) and the intersection of the Gipper, MI, VORTAC 092° and Litchfield, MI, VOR/DME 196° radials (MODEM fix); and between the Philipsburg, PA, VORTAC and the La Guardia, NY, VOR/DME. The airway segment between the Gipper, MI, VORTAC and the intersection of the Gipper, MI, VORTAC 092° and Litchfield, MI, VOR/DME 196° radials (MODEM fix) is removed. The unaffected portions of the existing airway remain as charted.

V-10: V-10 extends between the Pueblo, CO, VORTAC and the intersection of the Bradford, IL, VORTAC 058° and Joliet, IL, VOR/DME 287° radials (PLANO fix); between the intersection of the Chicago Heights, IL, VORTAC 358° and Gipper, MI, VORTAC 271° radials (NILES fix) and the Litchfield, MI, VOR/DME; and

between the Youngstown, OH, VORTAC and the Lancaster, PA, VOR/DME. The airway segment between the intersection of the Chicago Heights, IL, VORTAC 358° and Gipper, MI, VORTAC 271° radials (NILES fix) and the Litchfield, MI, VOR/DME is removed. The unaffected portions of the existing airway remain as charted.

V-30: V-30 extends between the Badger, WI, VOR/DME and the Litchfield, MI, VOR/DME; and between the Philipsburg, PA, VORTAC and the Solberg, NJ, VOR/DME. The airway segment between the Pullman, MI, VOR/DME and the Litchfield, MI, VOR/DME is removed. The unaffected portions of the existing airway remain as charted.

V-100: V-100 currently extends between the Medicine Bow, WY, VOR/DME and the O'Neill, NE, VORTAC; between the Fort Dodge, IA, VORTAC and the Dubuque, IA, VORTAC; and between the Northbrook, IL, VOR/DME and the Litchfield, MI, VOR/DME. The airway segment between the Keeler, MI, VOR/DME and the Litchfield, MI, VOR/DME is removed. The unaffected portions of the existing airway remain as charted.

V-233: V-233 extends between the Spinner, IL, VORTAC and the Litchfield, MI, VOR/DME; and between the Mount Pleasant, MI, VOR/DME and the Pellston, MI, VORTAC. The airway segment between the Goshen, IN, VORTAC and the Litchfield, MI, VOR/DME is removed. The unaffected portions of the existing airway remain as charted.

All NAVAID radials listed in the VOR Federal airway descriptions below are unchanged and stated in True degrees.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant

economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action of modifying VOR Federal airways V-6, V-10, V-30, V-100, and V-233, due to the planned decommissioning of the VOR portion of the Litchfield, MI, VOR/DME NAVAID, qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) and its implementing regulations at 40 CFR part 1500, and in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, paragraph 5-6.5a, which categorically excludes from further environmental impact review rulemaking actions that designate or modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points). As such, this action is not expected to result in any potentially significant environmental impacts. In accordance with FAA Order 1050.1F, paragraph 5-2 regarding Extraordinary Circumstances, the FAA has reviewed this action for factors and circumstances in which a normally categorically excluded action may have a significant environmental impact requiring further analysis. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and

effective September 15, 2021, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

Civil Monetary Penalty Inflation Adjustments

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Final rule.

SUMMARY: Pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (2015 Act), which further amended the Federal Civil Penalties Inflation Adjustment Act of 1990 (1990 Act), and Office of Management and Budget (OMB) guidance, this rule adjusts for inflation the level of civil monetary penalties assessed under the Surface Mining Control and Reclamation Act of 1977 (SMCRA).

DATES: Effective March 21, 2022.

I. Background

A. The Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015

Section 518 of SMCRA, 30 U.S.C. 1268, authorizes the Secretary of the Interior to assess civil monetary penalties (CMPs) for violations of SMCRA. The Office of Surface Mining Reclamation and Enforcement's (OSMRE) regulations implementing the CMP provisions of section 518 are located in 30 CFR parts 723, 724, 845, and 846. We are adjusting CMPs in six sections—30 CFR 723.14, 723.15, 724.14, 845.14, 845.15, and 846.14.

On November 2, 2015, the President signed the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Sec. 701 of Pub. L. 114–74) (2015 Act) into law. The 2015 Act, which further amended the Federal Civil Penalties Inflation Adjustment Act of 1990 (codified, as amended, at 28 U.S.C. 2461 note), requires Federal agencies to promulgate rules to adjust the level of CMPs to account for inflation. The 2015 Act required an initial “catch-up” adjustment. OSMRE published the initial adjustment in the **Federal Register** on July 8, 2016 (81 FR 44535), and the adjustment took effect on August 1, 2016. The 2015 Act also requires agencies to publish annual inflation adjustments in the **Federal Register** no later than January 15 of each year. These adjustments are aimed at maintaining the deterrent effect of civil penalties and furthering the policy goals of the statutes that authorize the penalties. Further, the 2015 Act provides that agencies must adjust civil monetary penalties “notwithstanding section 553 of [the Administrative Procedure Act (APA)].” Therefore, “the public procedure the APA generally requires—notice, an opportunity for comment, and a delay in effective date—is not required for agencies to issue regulations implementing the annual adjustment.” December 15, 2021, Memorandum for the Heads of Executive Departments and Agencies (M–22–07) from Shalanda D. Young, Acting Director, Office of Management and Budget, *Implementation of Penalty Inflation Adjustments for 2022, Pursuant to the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015* (OMB Memorandum), at 3–4.

Pursuant to SMCRA and the 2015 Act, this final rule reflects the statutorily required CMP adjustments as follows:

CFR citation	Points (where applicable)	Current penalty dollar amounts	Adjusted penalty dollar amounts
30 CFR 723.14	1	\$69	\$73
	2	139	148
	3	208	221
	4	277	294
