

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020 and effective September 15, 2020, is amended as follows:

Paragraph 6003. Class E Airspace Areas Designated as an Extension.

The Class E airspace areas listed below consist of airspace extending upward from the surface designated as an extension to a Class C surface area.

RIN 2120–AA66

Amendment of Class D and Class E Airspace and Establishment of Class E Airspace; Marquette, MI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends the Class D and Class E airspace and establishes a Class E airspace area designated as an extension to Class D and Class E surface areas at Sawyer International Airport, Marquette, MI. This action is the result of an airspace review caused by the decommissioning of the Iron Mountain VHF omnidirectional range (VOR) navigation aid as part of the VOR Minimum Operational Network (MON) Program. The geographic coordinates of the airport are also being updated to coincide with the FAA's aeronautical database.

DATES: Effective 0901 UTC, February 25, 2021. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order 7400.11E, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11E at NARA, email fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT: Jeffrey Claypool, Federal Aviation Administration, Operations Support Group, Central Service Center, 10101 Hillwood Parkway, Fort Worth, TX 76177; telephone (817) 222–5711.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends the Class D airspace, the Class E surface area, and the Class E airspace extending upward from 700 feet above the surface and establishes a Class E airspace area designated as an extension to a Class D and Class E surface area at Sawyer International Airport, Marquette, MI, to support instrument flight rule operations at this airport.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (85 FR 67320; October 22, 2020) for Docket No. FAA–2020–0880 to amend the Class D and Class E airspace and establish a Class E airspace area designated as an extension to Class D and Class E surface areas at Sawyer International Airport, Marquette, MI. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class D and E airspace designations are published in paragraph 5000, 6002, 6004, and 6005, respectively, of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14 Code of Federal Regulations (14 CFR) part 71:

Amends the Class D airspace at Sawyer International Airport, Marquette, MI, by updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database; removes the city associated with the airport to comply with changes to FAA Order 7400.2M, Procedures for Handling Airspace Matters; and replaces the outdated term "Airport/Facility Directory" with "Chart Supplement";

Amends the Class E surface airspace at Sawyer International Airport by updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database; removes the city associated with the airport to comply with changes to FAA Order 7400.2M; and replaces the outdated term "Airport/Facility Directory" with "Chart Supplement";

Establishes a Class E airspace area designated as an extension to Class D and Class E surface areas within 2.4 miles each side of the 022° bearing from the Sawyer VOR extending from the 4.6-mile radius of the Sawyer International Airport to 7 miles north of the Sawyer VOR;

And amends the Class E airspace extending upward from 700 feet above the surface at Sawyer International Airport by updating the geographic coordinates of the airport to coincide with the FAA's aeronautical database; and removes the airspace extending upward from 1,200 feet above the surface and the exclusionary language as they are no longer required.

This action is the result of an airspace review caused by the decommissioning of the Iron Mountain VOR, which provided navigation information for the instrument procedures this airport, as part of the VOR MON Program.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a

regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is amended as follows:

Paragraph 5000. Class D Airspace.

* * * * *

AGL MI D Marquette, MI [Amended]

Sawyer International Airport, MI
(Lat. 46°20'57" N, long. 87°23'47" W)

That airspace extending upward from the surface to and including 3,700 feet MSL within a 4.6-mile radius of the Sawyer International Airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6002. Class E Airspace Areas Designated as a Surface Area.

* * * * *

AGL MI E2 Marquette, MI [Amended]

Sawyer International Airport, MI
(Lat. 46°20'57" N, long. 87°23'47" W)

That airspace extending upward from the surface within a 4.6-mile radius of the Sawyer International Airport. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6004. Class E Airspace Areas Designates as an Extension to a Class D or Class E Surface Area.

* * * * *

AGL MI E4 Marquette, MI [Establish]

Sawyer International Airport, MI
(Lat. 46°20'57" N, long. 87°23'47" W)

Sawyer VOR
(Lat. 46°21'32" N, long. 87°23'51" W)

Within 2.4 miles each side of the 022° bearing from the Sawyer VOR extending from the 4.6-mile radius of Sawyer International Airport to 7 miles north of the Sawyer VOR.

Paragraph 6005. Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

AGL MI E5 Marquette, MI [Amended]

Sawyer International Airport, MI
(Lat. 46°20'57" N, long. 87°23'47" W)

That airspace extending upward from 700 feet above the surface within a 7.1-mile radius of the Sawyer International Airport.

Issued in Fort Worth, Texas, on December 17, 2020.

Steven T. Phillips,

Acting Manager, Operations Support Group, ATO Central Service Center.
