

carrier rail service is anticipated to commence on or after August 15, 2021.

SPOR states that the proposed transaction does not involve, and the Agreement does not contain, any provision or agreement that would limit future interchange on the Line with a third-party connecting carrier.

Further, SPOR certifies that its projected annual revenue will not exceed \$5 million and that the proposed transaction will not result in SPOR's becoming a Class I or II rail carrier.

The earliest this transaction may be consummated is August 15, 2021, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than August 6, 2021.

All pleadings, referring to Docket No. FD 36528, should be filed with the Surface Transportation Board via e-filing on the Board's website. In addition, a copy of each pleading must be served on SPOR's representative, Thomas J. Healey, Fletcher & Sippel LLC, 29 North Wacker Drive, Suite 800, Chicago, IL 60606.

According to SPOR, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).
