

necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

The FAA determined that this proposed AD would not have federalism implications under Executive Order 13132. This proposed AD would not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify this proposed regulation:

- (1) Is not a "significant regulatory action" under Executive Order 12866,
- (2) Would not affect intrastate aviation in Alaska, and
- (3) Would not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

The Proposed Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA proposes to amend 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

- 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

- 2. The FAA amends § 39.13 by adding the following new airworthiness directive:

Brantly Helicopters Industries U.S.A. Co., Ltd., and Brantly International, Inc.:
Docket No. FAA-2021-0610; Project Identifier AD-2021-00126-R.

(a) Comments Due Date

The FAA must receive comments on this airworthiness directive (AD) by September 13, 2021.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Brantly Helicopters Industries U.S.A. Co., Ltd., Model 305 helicopters and Brantly International, Inc., Model B-2, B-2A, and B-2B helicopters, certificated in any category, with a tail rotor

(T/R) hub part number 161-1 or 2951, installed.

(d) Subject

Joint Aircraft System Component (JASC) Code 6420, Tail Rotor Head.

(e) Unsafe Condition

This AD was prompted by a report of crack in the T/R hub. The FAA is issuing this AD to address cracking of the T/R hub. The unsafe condition, if not addressed, could result in loss of T/R control and subsequent loss of control of the helicopter.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Required Actions

Within 100 hours time-in-service (TIS) or at the next annual inspection after the effective date of this AD, whichever occurs first, and thereafter at intervals not to exceed 100 hours TIS and at each annual inspection:

- (1) Clean, and using a 10X or higher power magnifying glass, inspect the areas where each T/R blade attaching arm extends from the T/R hub for a crack, corrosion, and pitting. If there is a crack, corrosion, or pitting, before further flight, remove the T/R hub from service.
- (2) Clean and dye penetrant inspect the radius at the shoulder of each T/R hub spindle for a crack and pitting. If there is a crack or pitting, before further flight, remove the T/R hub from service.

(h) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Fort Worth ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (i) of this AD.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(i) Related Information

For more information about this AD, contact Marc Bellhumeur, Senior Project Engineer, Certification Section, Fort Worth ACO Branch, Compliance & Airworthiness Division, FAA, 10101 Hillwood Pkwy., Fort Worth, TX 76177; telephone (817) 222-5177; email 9-ASW-FWACO@faa.gov.

Issued on July 26, 2021.

Lance T. Gant,

Director, Compliance & Airworthiness Division, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2021-0596; Airspace Docket No. 20-AGL-15]

RIN 2120-AA66

Proposed Amendment of V-6, V-10, V-30, V-100, and V-233 in the Vicinity of Litchfield, MI

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend VHF Omnidirectional Range (VOR) Federal airways V-6, V-10, V-30, V-100, and V-233 in the vicinity of Litchfield, MI. The air traffic service (ATS) route modifications are necessary due to the planned decommissioning of the VOR portion of the Litchfield, MI, VOR/Distance Measuring Equipment (VOR/DME) navigational aid (NAVAID). The Litchfield VOR/DME NAVAID provides navigational guidance for portions of the affected VOR Federal airways listed above and is planned to be decommissioned as part of the FAA's VOR Minimum Operational Network (MON) program.

DATES: Comments must be received on or before September 13, 2021.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590; telephone: (800) 647-5527, or (202) 366-9826. You must identify FAA Docket No. FAA-2021-0596; Airspace Docket No. 20-AGL-15 at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order 7400.11E, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Rules and Regulations Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11E at NARA, email: fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT:

Colby Abbott, Rules and Regulations Group, Office of Policy, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:**Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify the route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System (NAS).

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal.

Communications should identify both docket numbers (FAA Docket No. FAA-2021-0596; Airspace Docket No. 20-AGL-15) and be submitted in triplicate to the Docket Management Facility (see **ADDRESSES** section for address and phone number). You may also submit comments through the internet at <https://www.regulations.gov>.

Commenters wishing the FAA to acknowledge receipt of their comments on this action must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to FAA Docket No. FAA-2021-0596; Airspace Docket No. 20-AGL-15." The postcard will be date/time stamped and returned to the commenter.

All communications received on or before the specified comment closing date will be considered before taking action on the proposed rule. The proposal contained in this action may

be changed in light of comments received. All comments submitted will be available for examination in the public docket both before and after the comment closing date. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Office (see **ADDRESSES** section for address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the office of the Operations Support Group, Central Service Center, Federal Aviation Administration, 10101 Hillwood Parkway, Fort Worth, TX, 76177.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020. FAA Order 7400.11E is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11E lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Background

The FAA is planning decommissioning activities for the VOR portion of the Litchfield, MI, VOR/DME in May 2022. The Litchfield, MI, VOR is a candidate VOR identified for discontinuance by the FAA's VOR MON program and listed in the final policy statement notice, "Provision of Navigation Services for the Next Generation Air Transportation System (NextGen) Transition to Performance-Based Navigation (PBN) (Plan for Establishing a VOR Minimum Operational Network)," published in the **Federal Register** of July 26, 2016 (81 FR 48694), Docket No. FAA-2011-1082.

Although the VOR portion of the Litchfield VOR/DME is planned for decommissioning, the co-located DME

portion of the NAVAID is being retained.

The existing ATS route dependencies to the Litchfield, MI, VOR/DME NAVAID are VOR Federal airways V-6, V-10, V-30, V-100, and V-233. With the planned decommissioning of the VOR portion of the Litchfield VOR/DME, the remaining ground-based NAVAID coverage in the area is insufficient to enable the continuity of the affected airways. As such, proposed modifications to the affected VOR Federal airways would result in expanding the existing gaps in four of the airways (V-6, V-10, V-30, and V-233) and redefining an airway end point in the remaining airway (V-100).

To overcome the expanded gaps in four of the airways and the loss of the airway segment on the end of the fifth airway, instrument flight rules (IFR) traffic may request air traffic control (ATC) radar vectors to fly through or circumnavigate the affected area. Additionally, IFR pilots equipped with RNAV capabilities may also navigate point to point using the existing fixes that will remain in place as fixes or waypoints to support continued operations through the affected area. Visual flight rules (VFR) pilots who elect to navigate via the airways through the affected area could also take advantage of the ATC services listed previously.

Prior to this NPRM, the FAA published a rule for Docket No. FAA-2020-0709 in the **Federal Register** (85 FR 79117; December 9, 2020), amending VOR Federal airways V-6 and V-30 by removing the airway segments between the Clarion, PA, VOR/DME and the Philipsburg, PA, VOR/Tactical Air Navigation (VORTAC) for each airway. Those airway amendments, effective February 25, 2021, are included in this NPRM.

Also prior to this NPRM, the FAA published a rule for Docket No. FAA-2020-0667 in the **Federal Register** (85 FR 79422; December 10, 2020), amending VOR Federal airway V-100 by removing the airway segment between the O'Neill, NE, VORTAC and the Fort Dodge, IA, VORTAC. That airway amendment, effective February 25, 2021, is also included in this NPRM.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 by modifying VOR Federal airways V-6, V-10, V-30, V-100, and V-233. The planned decommissioning of the VOR portion of the Litchfield, MI, VOR/DME has made this action necessary.

The proposed VOR Federal airway changes are outlined below.

V-6: V-6 currently extends between the Oakland, CA, VOR/DME and the DuPage, IL, VOR/DME; between the intersection of the Chicago Heights, IL, VORTAC 358° and Gipper, MI, VORTAC 271° radials (NILES fix) and the intersection of the Gipper, MI, VORTAC 092° and Litchfield, MI, VOR/DME 196° radials (MODEM fix); and between the Philipsburg, PA, VORTAC and the La Guardia, NY, VOR/DME. The FAA proposes to remove the airway segment between the Gipper, MI, VORTAC and the intersection of the Gipper, MI, VORTAC 092° and Litchfield, MI, VOR/DME 196° radials (MODEM fix). The unaffected portions of the existing airway would remain as charted.

V-10: V-10 currently extends between the Pueblo, CO, VORTAC and the intersection of the Bradford, IL, VORTAC 058° and Joliet, IL, VOR/DME 287° radials (PLANO fix); between the intersection of the Chicago Heights, IL, VORTAC 358° and Gipper, MI, VORTAC 271° radials (NILES fix) and the Litchfield, MI, VOR/DME; and between the Youngstown, OH, VORTAC and the Lancaster, PA, VOR/DME. The FAA proposes to remove the airway segment between the intersection of the Chicago Heights, IL, VORTAC 358° and Gipper, MI, VORTAC 271° radials (NILES fix) and the Litchfield, MI, VOR/DME. The unaffected portions of the existing airway would remain as charted.

V-30: V-30 currently extends between the Badger, WI, VOR/DME and the Litchfield, MI, VOR/DME; and between the Philipsburg, PA, VORTAC and the Solberg, NJ, VOR/DME. The FAA proposes to remove the airway segment between the Pullman, MI, VOR/DME and the Litchfield, MI, VOR/DME. The unaffected portions of the existing airway would remain as charted.

V-100: V-100 currently extends between the Medicine Bow, WY, VOR/DME and the O'Neill, NE, VORTAC; and between the Fort Dodge, IA, VORTAC and the Litchfield, MI, VOR/DME. The FAA proposes to remove the airway segment between the Keeler, MI, VOR/DME and the Litchfield, MI, VOR/DME. Additional changes to other portions of the airway have been proposed in a separate NPRM. The unaffected portions of the existing airway would remain as charted.

V-233: V-233 currently extends between the Spinner, IL, VORTAC and the Litchfield, MI, VOR/DME; and between the Mount Pleasant, MI, VOR/DME and the Pellston, MI, VORTAC. The FAA proposes to remove the airway segment between the Goshen, IN,

VORTAC and the Litchfield, MI, VOR/DME. The unaffected portions of the existing airway would remain as charted.

All radials listed in the VOR Federal airway descriptions below are unchanged and stated in True degrees.

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airways listed in this document would be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, is amended as follows:

Paragraph 6010(a) Domestic VOR Federal Airways.

BILLING CODE 4910-13-P

DEPARTMENT OF JUSTICE**28 CFR Part 16**

[CPCLO Order No. 008-2021]

Privacy Act of 1974; Implementation

AGENCY: Justice Management Division (JMD), United States Department of Justice.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Department of Justice (Department or DOJ), Justice Management Division (JMD), in the Notices section of this issue of the **Federal Register**, is publishing a new system of records, “Security Monitoring and Analytics Service Records,” JUSTICE/JMD-026. In this notice of proposed rulemaking, DOJ proposes to exempt this system of records from certain provisions of the Privacy Act to avoid interference with efforts to prevent the unauthorized access, use, disclosure, disruption, modification, or destruction of information, information systems, and networks of DOJ and external federal agency subscribers. For the reasons provided below, the Department proposes to amend its Privacy Act regulations by establishing an exemption from certain provisions of the Privacy Act for this system of records. Public comment is invited.

DATES: Comments must be received by August 30, 2021.

ADDRESSES: You may send comments by any of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. When submitting comments electronically, you must include the CPCLO Order No. in the subject box. Please note that the Department is requesting that electronic comments be submitted before midnight Eastern Standard Time on the day the comment period closes because <http://www.regulations.gov> terminates the public’s ability to submit comments at that time. Commenters in time zones other than Eastern Standard Time may

want to consider this so that their electronic comments are received.

- **Mail:** United States Department of Justice, Office of Privacy and Civil Liberties, ATTN: Privacy Analyst, Office of Privacy and Civil Liberties, 145 N St. NE, Suite 8W.300, Washington, DC 20530. All comments sent via regular or express mail will be considered timely if postmarked on the day the comment period closes. To ensure proper handling, please reference the CPCLO Order No. in your correspondence.

Posting of Public Comments: Interested persons are invited to participate in this rulemaking by submitting written data, views, or arguments on all aspects of this rule by one of the methods and by the deadline stated above. All comments must be submitted in English, or accompanied by an English translation. The Department also invites comments that relate to the economic, environmental, or federalism effects that might result from this rule. Comments that will provide the most assistance to the Department in developing these procedures will reference a specific portion of the rule, explain the reason for any recommended change, and include data, information, or authority that support such recommended change.

Please note that all comments received are considered part of the public record and made available for public inspection at www.regulations.gov. Such information includes personally identifying information (PII) (such as your name, address, etc.). Interested persons are not required to submit their PII in order to comment on this rule. However, any PII that is submitted is subject to being posted to the publicly-accessible www.regulations.gov site without redaction.

Confidential business information clearly identified in the first paragraph of the comment as such will not be placed in the public docket file.

The Department may withhold from public viewing information provided in comments that they determine may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>. To inspect the agency’s public docket file in person, you must make an appointment with the agency. Please see the **FOR FURTHER INFORMATION CONTACT** paragraph, below, for agency contact information.

FOR FURTHER INFORMATION CONTACT: Nickolous Ward, DOJ Chief Information

Security Officer, (202) 514-3101, 145 N Street NE, Washington, DC 20530.

SUPPLEMENTARY INFORMATION: In accordance with the Federal Information Security Modernization Act of 2014, among other authorities, agencies are responsible for complying with information security policies and procedures requiring information security protections commensurate with the risk and magnitude of harm resulting from the unauthorized access, use, disclosure, disruption, modification, or destruction of DOJ information and information systems. *See, e.g.*, 44 U.S.C. 3554 (2018). Executive Order No. 13800, Strengthening the Cybersecurity of Federal Networks and Critical Infrastructure (May 2017), directs agency heads to show preference in their procurement for shared IT services, to the extent permitted by law, including email, cloud, and cybersecurity services. Office of Management and Budget (OMB) Memorandum M-19-16, Centralized Mission Support Capabilities for the Federal Government (April 26, 2019), establishes the framework for implementing the “Sharing Quality Services” across agencies. The Economy Act of 1932, as amended, 31 U.S.C. 1535, authorizes agencies to enter into agreements to obtain supplies or services from another agency. Consistent with these authorities, the JMD, Office of the Chief Information Officer (OCIO), Cybersecurity Services Staff (CSS), developed the Security Monitoring and Analytics Service (SMAS) system to provide DOJ-managed information technology service offerings to other federal agencies wishing to leverage DOJ’s cybersecurity services, referred to as “external federal agency subscribers.” This system provides external federal agency subscribers with the technical capability to protect their data from malicious or accidental threats using a DOJ-managed system. Elsewhere in the **Federal Register**, JMD published a notice of a new system of records titled, “Security Monitoring and Analytics Service Records,” JUSTICE/JMD-026, to provide the public notice of the records maintained by DOJ while implementing SMAS.

In this rulemaking, the Department proposes to exempt JUSTICE/JMD-026 from certain provisions of the Privacy Act in order to avoid interference with the responsibilities of the Department to prevent the unauthorized access, use, disclosure, disruption, modification, or destruction of external federal agency subscribers’ information and information systems. Additionally, the
