Dear Mr. van Niekerk

REGISTRATION OF BONTEBOK.

It is my pleasure to inform you that your Bontebok herd on the property Robertskraal, in the Bedford district has been registered as a pure herd. Congratulations!

The registration is done, based on the declaration received from you on the 1 May 2003 and the confirmation again on the 14th April 2009, which state, that since the introduction of this herd, no contamination by any Blesbuck, took place and that the Bontebok originates from a registered pure bred herd. The registration is done for the property Robertskraal, in the Bedford Magisterial district of the Eastern Cape.

This certification is extremely valuable and you should do everything possible to retain the purity of your herd. In future, export permits for sport-hunted bontebok trophies and permits to capture sell and transport bontebok, will only be issued in respect of registered herds.

Periodic re-inspections of registered herds will be carried out in future and it is in your own interest to ensure that no contamination of your valuable herd occurs. In the case of any possible contamination, this office must immediately be informed.

Once again, congratulations and thanks for your contribution towards Environmental Conservation.

A formal certificate will be send to you soon. In the meanwhile, this letter serves as the official proof of your registration.

Yours truly,

For:  Chief Director Environmental Affairs; Eastern Cape

Customs Rules on Discharge of Importers Liability for Duties

The U.S. Customs Service has issued a final amendment of the regulations to provide an alternative procedure for an Importer record to pay duties on imported merchandise through a licensed customhouse broker. Present rules provide for the payment of duties to Customs by a broker on behalf of the importer. Under the alternative procedure, the Importer may elect to submit to the broker a separate check or bank draft for the duties payable to the "U.S. Customs Service". The broker would then deliver the Importer's check or bank draft to Customs. The new rule also requires brokers to provide written notification to their clients, advising that if the client is an Importer of record, payment to the broker will not relieve the client of liability for Customs charges in the event that the charges are not paid by the broker. Brokers will be required to provide this notification to all active clients annually during the month of February. Additionally, brokers will be required to provide such information on a power of attorney executed on or after the effective date of the new rule. These amendments are effective as of September 27, 1982
